Café Amazon supports "ResBakuna Kids"

Café Amazon SM Lemery in Batangas recently took part in the government's "Resbakuna Kids" vaccination campaign for children aged 5 to 11 years old. The Thai-brand café showed its support to the campaign by providing drinks to the staff of the Department of Health and other volunteers who administered the vaccination to the kids. Manager Karen Gorospe said the "Resbakuna Kids" last February 18 in SM Lemery was able to vaccinate around 400 children. "We are happy that in our own little way, we were able to support this vaccination program because our common goal is to fight this COVID 19 pandemic," Gorospe said. Café Amazon, currently on expansion in the Philippines, has been getting prominence among coffee lovers in the Philippines.

MGMT IDENTIFIES ACTION PLANS FOR 2022

PTT Philippines' top management led by PTTPC President & CEO Khun Thitiroj Rergsumran and PTTTC President & CEO Danilo Alabado has outlined its action plans for 2022 during the recent Strategic Thinking Session and Management Review that was conducted virtually via Microsoft Teams. Joined by managers and key personnel, the top management made an assessment of 2021 performance and discussed the updated Risks and Opportunities in identifying the company's 2022 targets alongside the actions plans for the year. Mr. Rergsumran and Mr. Alabado both expressed optimism that with the re-opening of economy amidst the COVID 19 pandemic, the business climate in general would soon normalize.

BASIC LABOR LAWS, MEDIA RELATIONS TACKLED AT RETAIL MARKETERS TRAINING

Retail Academy Manager Jonathan Espino facilitates the start of his team’s month-long training program for Retail Marketers as part of PTT Philippines’ program in developing the functional competencies of new entrants in the company. Espino is seen actively exchanging ideas with Corporate Communications’ Jay Julian who discussed the topics on Basic Labor Laws and Media Relations. Academy’s Alex Balangue also assisted in facilitating the training for the latest batch of Retail Marketers. Basic Labor Laws and Media Relations are included in the skill-building modules that the Retail Academy has developed for its continuing program to promote excellence in the organization.

ECONOMIC ACTIVITIES BACK TO NORMAL

Economic activities return to “new normal” as the Philippines eases COVID-19 restrictions. Photo shows the Café Amazon store at PTT SCTEX in Concepcion, Tarlac with customers, mostly are motorists travelling north, started queueing up again to dine at the Thai brand coffee shop. The COVID-19 and the subsequent implementation of community quarantines paralyzed the economy for almost two years that sent many industries and businesses to slow down operations with some even had to close shops. Cafes, restaurants, and other retails shops were among those that had to bear the brunt of the pandemic. The de-escalation to Alert Level 1 restriction beginning March 1 is seen to sustain economic growth and would allow affected businesses to start again. With the re-opening of the economy, Caffe Amazon Philippines remains optimistic on its continuing expansion in the Philippines.

MESH Training continues

At least eleven (11) employees joined the latest batch of PTT Philippines personnel who took the Mandatory Eight (8)-Hour Safety & Health Seminar (MESH) last February 15, 2022, in compliance with the Department of Labor & Employment’s Order that requires employees in all industries to undergo MESH. This government-mandated program, spearheaded by DOLE’s Occupational Safety & Health Center, is aimed at ensuring the safety of employees at their respective workplace. PTT’s Retail Academy and QSHE have collaborated to implement the program to ensure its strict compliance and success. Another batch of employees are scheduled to undergo the same training soon.
